“

The MX2 mantra that we are on the runway to client CMMC success has been rocket fueled with the devotion of the ecfirst CMMC Team. Married with their surgical methodology, their CMMC Unreadiness + their SSP Secret SaiCE references, and their commitment to the CMMC ecosystem, has resulted in deep value to MX2.

When MX2 set out on the path to achieve CMMC Level 2 certification, it was very important to our leadership team to select the right C3PAO to partner with.

Five key reasons why MX2 Technology chose ecfirst as our C3PAO partner. Trust, Methodology, Client Commitment, Humility in Execution & Leadership.

”

“

Despite it being our first audit, the ecfirst Team was devoted throughout the assessment. Their expertise across the Body of Evidence for 110 requirements and 320 objectives was invaluable. We successfully navigated the audit and learned a great deal—looking forward to working with ecfirst again.

”

“

This was a 16-month journey of preparation, assessments, and teamwork - **I couldn't be prouder of what this means for our company and our customers.**
